

Webcast training consists of:

- a live broadcast;
- discussions with panelists, who include national and state experts as well as child care providers;
- opportunities for interaction at each training site;
- activities to apply what you have learned;
- extensive handout and resource materials; and
- 2.5 hours of training and .25 CEUs.

Co-trainers at each site will guide discussions and help you apply your knowledge and skills.

To provide an adult learning environment, all Webcast participants **MUST:**

- Arrive at the training site no later than 6:45 P.M. The training session will begin promptly. Seating is limited and seats **WILL NOT** be reserved for participants arriving later than 6:45 P.M.
- Be actively involved in each training session.
- Successfully pass the 10-question post-test.
- Keep in mind that, because of the sensitive nature of some of the topics, children are not permitted.

ECETP e-Learning: A Great Training Option!

In addition to Webcasts, the Early Childhood Education and Training Program provides a variety of e-Learning courses that count toward training credit hours. Sponsored by OCFS, these online training opportunities offer unique and innovative delivery methods to meet the needs of child care providers throughout New York State.

There are several online training courses available 24 hours a day, 7 days a week.

Safety throughout the Year

Your number one priority is the safety of children in your care. That's why it's vital to regularly assess the safety and security of your program by knowing, following, and revising emergency plans and conducting routine safety checks of indoor and outdoor environments.

During this Webcast, experts will share seasonal guidelines to keep children safe in your program year-round.

OCFS Training Topic Area(s):

- Safety and security procedures
- Business record maintenance and management
- Nutrition and health needs of infants and children

CDA Competency Standard(s):

- To establish and maintain a safe, healthy learning environment
- To support social and emotional development and provide positive guidance
- To ensure a well-run, purposeful program responsive to participant needs

CBK Content Area(s):

- Child Growth and Development
- Health, Safety, and Nutrition
- Administration and Management

Town Hall Meeting: Child Abuse and Maltreatment

As a Mandated Reporter you are required, by law, to report cases of suspected child abuse or maltreatment to the Statewide Central Register (SCR). When acting in your professional capacity, you must report situations you encounter both in and outside your program. Knowing when to make that call can be a difficult decision, and certainty about what happens next may make it seem more intimidating.

During this Webcast, you'll join experts in the field to analyze dramatized case studies. Panelists will explain their role in the reporting process and what you can expect, provide you with guidance on making the call, and review what happens during an investigation.

OCFS Training Topic Area(s):

- Statutes and regulations pertaining to child abuse and maltreatment
- Child abuse and maltreatment identification and prevention
- Safety and security procedures

CDA Competency Standard(s):

- To establish and maintain a safe, healthy learning environment
- To support social and emotional development and provide positive guidance
- To establish positive and productive relationships with families
- To maintain a commitment to professionalism

CBK Content Area(s):

- Health, Safety, and Nutrition
- Family and Community Relationships
- Environment and Curriculum
- Administration and Management

Webcast Training Registration Form

2019

Participant information:

Please print all information clearly. One person per form; photocopy this form, if needed.
An online application is available on our website: www.ecetp.pdp.albany.edu
