

STORYTIME

Important Elements to Remember
When Telling Stories:

Shyness can be overcome

Tale to tell: Story selection is important

Oration: Vary your tone and pitch during the telling

Room environment: The right environment is vital

Your audience: Know them well and adapt the story accordingly

Timing: Change the pace and speed of the story to keep it moving

Imagination: Use your creativity to enhance any story

Materials can add extra fun to your story

Excitement: You can make any story better if you tell it with enthusiasm
