## Behavior Situation

Think about a situation you faced with a child who was displaying a challenging behavior. Answer the questions below about this situation.

**What do I need to do to keep this child/children safe in this situation? Are any children at risk of harming themselves or others?**

---

---

**What do I want this child to learn about himself/herself and others in this particular situation? What do I want the other children to learn?**

---

---

**What techniques and strategies do I have to help me accomplish this?**

---

---

**Was there something that I could have done differently to avoid this situation? If so, what?**

---

---

**Were my expectations for the children or the situation appropriate? If not, how could I change them to be appropriate?**

---

---

**How can I model respectful interactions with each child in this situation?**

---

---

**What steps should I take to avoid this situation in the future?**
